†Percentages to or from stations Nos. 240 to 245 (West Toledo to Can. So. Jct.) will apply only on L. C. L. traffic and on C. L. traffic originating at stations Nos. 240 to 245.

NOTES.

Note A. To or from **Mackinaw City, Mich.,** on traffic originating at or destined to points on or reached via D. S. S. & A. Ry. or M. St. P. & S. S. M. Ry. where Chicago rates are applied as proportions of through rate on the above mentioned traffic, he freight will be billed from Mackinaw City to the East or from the East to Mackinaw City, at Chicago rates and Chicago divisions.

Note B. Michigan Central Railroad proportion is subject to the following minima (except on traffic to or from stations Nos. 65 to 72, 220 to 245):

Classes—	1	2	3	4	5	6
Cents per 100 lbs.—	10	9	7	5	4	3

Note C. Grain originating at Michigan Central R. R. stations destined to Norfolk, Va., or to points to which rates base on Norfolk, Va., milled in transit at a point on the M. C. R. R., will be subject to the regular established Milling in Transit arrangements applicable at the milling point. Apply percentages shown from milling point on the milled product and deduct one (1) cent per 100 pounds from the "South of Toledo" proportion, and add to the M. C. R. R. proportion.

Note D. Freight from stations on the **Mackinaw Division (Stations 350 to 434),** will be billed East-bound, using Bay City rates and divisions from Bay City, the difference between the Bay City rate and the through rate from point of shipment being taken as an arbitrary for Michigan Central Railroad North of Bay City. In like manner freight West-bound will be billed from the East to Bay City, using Bay City rates and divisions, and the difference over Bay City rate allowed as an arbitrary North of Bay City.

Note E. Divisions to Berkley, Money Point, Pinners Point, Port Norfolk, Portsmouth, South Norfolk and West Norfolk, Va.

Via Norfolk, Va. Rates on **Carloads** to the above points will divide as follows:

To Berkley, Va. When for Norfolk Southern Railroad delivery deduct before prorating for switching beyond Carolina Junction, Va., $3.00 per car, and add to Virginian Railway proportion, prorating remainder on Norfolk, Va., percentages. Shipments should be billed to Norfolk showing Berkley in destination column.

When for Norfolk & Portsmouth Belt Line Railroad delivery apply Norfolk percentages; the Belt Line switching charge shown in Virginian Ry. Switching Tariff No. 1544, I. C. C. No. 642, or reissues, to be settled by voucher and prorated over lines at interest. Shipments should be billed to Norfolk, showing Berkley in destination column.

To Money Point, Pinner's Point, Port Norfolk, Portsmouth and South Norfolk, Va.—Apply Norfolk percentages; the switching charges of Norfolk & Portsmouth Belt Line Railroad and delivering line beyond, as shown in Virginian Ry. Switching Tariff No. 1544, I. C. C. No. 642, or reissues, to be settled by voucher and prorated over lines at interest. Shipments should be billed to Norfolk, showing final delivery point in destination column.

Less than Carload shipments will be delivered only at Virginian Railway depot in Norfolk, Va.

Via Suffolk, Va.—Freight, carloads or less, for Pinners Point and Port Norfolk, Va., via Atlantic Coast Line Railroad; Portsmouth, Va., via Seaboard Air Line Railway, and West Norfolk, Va., via Southern Railway, may be routed via Suffolk, Va., and will divide as follows:

Allow beyond Suffolk, Va., the following arbitraries governed by Classification applicable to through rates. Remainder to be prorated on percentages to Suffolk, Va.

IN CENTS PER 100 POUNDS

CLASSES	1	2	3	4	5	6	Cooperage Stock, (Applies to West Norfolk, Va. only)	Lumber and Forest Products, taking Lumber Rates	Pig Iron, Billets and Blooms	Stone
Carloads	2	2	2	2	2	2	1½	#1½	#1½	#1¼
Less Carloads	7	6	5	4	3	3	.....	.....	.....	.....

#Will not apply to Pinners Point or Port Norfolk, Va.

ARBITRARIES TO BE DEDUCTED BEFORE PRORATING.

Note F. Virginian Railway Arbitraries. On property destined to or originating at points on the Virginian Railway, also on property origininating at or destined to points on connecting lines beyond and via the Virginian Railway, on which local rates are charged to and from Virginian Railway Junction with such connections, the lines north and west of Deepwater, W. Va., will be allowed their percentage proportion of the Virginia Cities Common Point local rate. When the through rates to and from Virginian Railway stations, or V. A. C. & Ry. Co. stations, are higher than the Virginia Cities Common Point rate, the difference between the through rate and the Virginia Cities Common Point rate will accrue to the Virginia Railway, and the remainder will be prorated on percentages shown herein, first deducting terminals, etc. shown in Notes E, G and H.

On property destined to or originating at points on connecting lines beyond and via Virginian Railway on which Virginia Cities Common Point proportional rate is applied to and from Virginia Railway Junctions with such connections, the proportional rate will be divided on percentages shown herein, first deducting terminals, etc., shown in Notes E, G and H.

Note G. Norfolk Terminal. Deduct before prorating for Terminal at Norfolk, Va., on all traffic (except cotton, grain live stock and pig iron) for direct export or import at Norfolk, Va., 1 cent per hundred pounds; cotton for export 2 cents per hundred pounds; live stock for export 3½ cents per hundred pounds; pig iron for export 12½ cents per gross ton.

Note H. Suffolk Transfer. Deduct before prorating for transfer charge at Suffolk, Va., on shipments delivered to or received from connections, less than carloads, 2 cents per hundred pounds, minimum charge 10 cents, and show separately on way bill. No transfer charge on C. L. shipments.
