Foreign Service

Travelers are invited to make their business and social headquarters, in the principal foreign cities, at Railway Express offices, where they will find—

The latest newspapers and periodicals from America.
Writing rooms for the convenience of patrons.
A mail department, under expert supervision, for the receipt, holding or forwarding of patrons' mail.
Complete cable service.
Facilities for receiving and exchanging foreign money.
English speaking employees.
A complete Travel service. At prevailing tariff rates you can secure railway, steamship, airplaine, sightseeing, automobile and sleeping car reservations.
Or you can arrange personally conducted or unescorted tours or special trips and secure in advance transportation and hotel reservations. You can store, or have forwarded, your baggage and parcels and secure both baggage and accident insurance.
Information Bureaus for the guidance of travelers with respect to every phase of their visiting and sightseeing—where to go; where to live; where to ship; where to eat; where to find American or native doctors, dentists, or lawyers; tipping; taxicab services and fees.
Look for the uniformed Railway Express couriers and interpreters who meet the boats at principal ports at the trains at principal stations abroad for the purpose of assisting patrons of this Company. In Europe you will find these uniformed men at frontier points ready to assist you in meeting immigration and customs requirements.

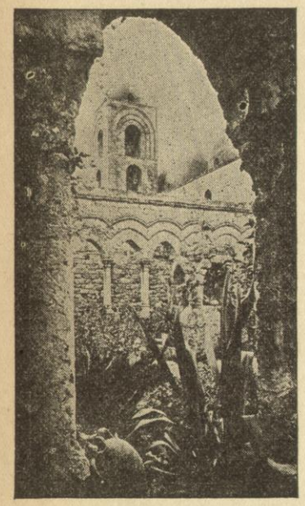
WHERE WINTER IS WARM



The Abbey of S. Giovanni *degli Eremiti*

Sunny Sicily is a spot where Winter is warm.

Make Palermo your center till Spring comes.

Palermo is almost a city of Asia. It enshrines the East as well as the West. Byzantine, Norman, German, Spaniard have made it what you see. From the delicate beauty of the famous San Giovanni to the Norman castle of La Zisa, all breathes languor, stone and color sing a lazy song, and it is not only the dreamy East—there are English tea shops, good hotels, notables like Pirandello, who makes it his winter home, and, by all, the quiet waters of the sea.

Cross Crossings Cautiously and Save Human Life

"Don't attempt to cross the tracks until you are sure it is absolutely safe."

Crossing accidents could be practically eliminated if the railroads could enlist the same cooperation from automobile drivers that they have from their employees, and if drivers would obey this safety rule.
