Additional Hand Baggage Convenience at Chicago

PASSENGERS who make a short visit in Chicago between trains, and depart from a station other than that at which they arrive, will be interested in the following arrangement made for their convenience:

On arrival in Chicago you may deliver your hand baggage to the agent of the Parmelee Company at the station at which you arrive and he will give you a claim check for it. The baggage will be taken by the Parmelee Company, put in the parcel check room of the station from which you depart and can then be claimed by you at such parcel room on presentation of your check.

A charge of fifty cents for each grip (except that when passenger holds through ticket one piece will be checked free) including the parcel room fee, will be made for this service.

For Explanation of Reference Marks, see page 35. For Parlor, Sleeping and Dining Car Service, see pages 13 to 18.

AT NIAGARA FALLS

See Niagara Illuminated, The World's Greatest Moving Picture

Passengers on the Michigan Central, holding first-class limited one-way or round-trip tickets, either east or westbound, are given an opportunity to stop over en route at Niagara Falls, Ontario, or Niagara Falls, New York, under conditions which passenger can learn from local ticket agents or train conductors.

THE MICHIGAN CENTRAL has deservedly won its title of "The Niagara Falls Route," because it is the only railroad operating certain of its trains by way of the Falls during daylight in full view of the great cataract. Several trains stop five minutes at Falls View on the Canada side.

Coming out suddenly upon the bold bluff, 150 feet above the river, the train stops, and the passengers step out at Falls View. It is rightly named, for from no other point can such a comprehensive view be obtained. For miles to the right one looks up the broad river, shining like silver in the sunlight as the waters of the Great Lakes sweep grandly down to the Rapids, where they foam and rage and roar in their first descent. Directly below is the curve of the gigantic Horseshoe, over which pours the now emerald flood into the abyss from which rises the great column of spray, soaring into many-tinted clouds. Opposite are the wooded islands and the American Fall, and still farther the rocky walls of the great gorge.

The traveler should stop over at Niagara Falls as long as his time permits; and as he sees it from the different points of view, and under varying aspects, he will gain an increased sense of its magnitude and its magnificence.

Stop-overs at Other Points

Stopovers are allowed within final limit, without deposit, at any station enroute on the Michigan Central Railroad, on one-way tickets, round-trip tickets sold at double the one-way fares, All-Year Tourist, Summer Tourist, Winter Tourist, European Trans-Pacific and Around-the-World Tickets.

In addition to the above, deposit stopover not to exceed ten days are allowed at the following cities on all one-way and Convention Tickets upon deposit at the station ticket office, immediately on arrival. Convention tickets must, however, be used within their time limit.

The privilege will only be granted when route beyond stop-over point is via New York Central Lines. If ticket reads via any other line beyond stop-over point, regulations of that line govern.
